

# What do you see?

## We see potential

Founded in 2001 to address a serious and growing problem in the Los Angeles Jewish community, Aish Tamid has reached over 550 Jewish boys from Traditional Jewish families who exhibit high-risk behaviors.

Aish Tamid is proud to welcome Rabbi Dovid Landesman as our new Director of Education and Administration. Rabbi Landesman will head our Pardes Academy, combining Torah study, outdoor adventure, counseling and high-school equivalency preparation.

Aish Tamid is in escrow on a 5,000 sq. foot building headquarters. Please contact our office for information about a family legacy dedication. YOU can be partner in one of the most important projects to ever impact the Los Angeles Jewish Community. The time is now!
